Creativity must rule and beauty is always in focus

Trollbeads loves to play with their collectors, and again in 2022 collectors have been voting for the most coveted Uniques beads through a fun and engaging event. The event has resulted in a beautiful, limited edition.

The Uniques is a heart-warming story that involves a joint venture between Trollbeads and artisans around the world. The story started more than ten years ago in Dharamsala, India, and the concept was originated out of a vision of infusing commerce, hope and new life into communities that would not otherwise have had the opportunity.

When Trollbeads first received the beads from the workshop, they decided that creativity should rule. The beads got their own name and place in the collection: Uniques. The artisans were excited to be able to let their culture be reflected in their work.

The Uniques beads are all unique art pieces, and every bead is individually handmade in front of a red-hot, open flame. As soon as the collectors discovered these new beads, they became a collector's must-have. The collectors search widely and all around the world to get hold of the best and most beautiful Uniques.
